Gavin Lynch

The Ottawa-based artist creates landscape paintings that are vivid, evocative and surreal: his massive mathematically precise canvases depict forests, rivers and lakes as a series of brightly coloured, rigidly geometric forms on two-dimensional planes. Where some artists revel in the sprawling anarchy of nature, Lynch finds—or perhaps imposes—order in the chaos. Feb. 3 to 25. Artwork \$2,000–\$12,000. *Angell Gallery, 1444 Dupont St., 416-530-0444, angellgallery.com.*
